

## GrüloSteam 2SW 210

### EPDM steam hose

Hot water and steam hose, suitable for saturated steam with max. 18 bar. The cover is resistant to abrasion, heat, steam, ozon and weather. Especially suitable for application in chemical plants, steel mills, refineries, shipyards and all industries.

Attention: Use with hot water or superheated steam seriously reduces the hose life!

### Technical characteristics

**Norm:** EN ISO 6134 2A

**Temperature range:** -40 °C to +232 °C | depending on medium

**Standard Length:** 40 m

**Colour:** Black

### Construction

**Cover:** EPDM

**Reinforcement:** Two braided steel wire cords

**Lining:** EPDM, black

Inner-Ø mm	Wall thickness mm	WP bar	BP bar	Bending radius mm	Weight/m kg	Article no.
19	7,00	18	180	190	0,780	10045-019
25	7,50	18	180	250	1,025	10045-025
