

MERLETT

Vacupress® Cristal

PVC suction and delivery hose for food liquids

Mult-purpose hose for suction and delivery of water, food liquids, flour, liquid sugar and alcohol up to 28 Vol.-%. **Vacupress® Cristal** is characterised by its excellent flexibility and high abrasion resistance according to DIN 53516.

Technical characteristics

Temperature range: -5 °C to +65 °C

Standard Length: 60 m | from DN 38: 30 m, from DN 127: 20 m

Colour: Transparent

Construction

Reinforcement: Polyester yarn, embedded steel spiral

Material: Smooth PVC
