

GruloLine

GruloSil 2

High temperature hose, 2-ply

Light spiral hose made of silicone for suction of hot gases and vapors. **GruloSil 2** has a very good heat and chemical resistance and it is predominantly used in the paper and plastics industries as well as in the vehicle construction.

Technical characteristics

Temperature range: -70 °C to +250 °C (briefly to +300 °C)

Standard Length: 4 m | special lengths on request

Colour: Redbrown

Construction

Material: Fiberglass fabric, silicon coated
2-ply with white glass fiber cord and wire insert

Inner-Ø mm	Material thickness mm	WP bar	Vacuum bar	Bending radius mm	Weight/m kg	Article no.
