

TRIX SUPER®

The high-grade water hose

TRIX-SUPER® is the high-grade water hose for conveying water at high pressure. By easily handling working pressures up to 30 bar, it is especially suitable for challenging applications like transporting pressure- und cooling water, but also for simple sprinkling, filling, discharging, rinsing and cleaning in industry, construction, municipal installations, farming, car pools, garages and workshops.

Technical characteristics

Temperature range: -40 °C to +120 °C

Standard Length: 40 m

Colour: Black with yellow markings

Construction

Cover: EPDM, resistant to ozone, weather and UV

Reinforcement: Synthetic fibres

Lining: EPDM, black, non-porous, smooth

Marking: 2 yellow markings on black cover opposite each other
„PHOENIX TRIX-SUPER“
