

ALIKLER G2

Foodstuff hose - the new generation

Suction and discharge of liquid foodstuffs such as wine, beer, milk, oil, fats, cider, fruit juice, and alcohol up to 95 %. For unloading bays, processing and filling plants and liquid foodstuff tankers. Additional air line on road tankers carrying bulk powdered products (not compressor line) at temperature up to 120 °C. Improved flexibility, very easy to handle. A smooth, seamless, white, multipurpose food grade tube that does not propagate bacterial growth. Resistant to most cleaning processes used in the food industry, either with chemicals (max. +90 °C) or steam (max. +130 °C). Contains no phthalate.

Technical characteristics

Temperature range: -30 °C to +100 °C

Standard Length: 20 m, 40 m

Colour: Blue

Construction

Cover: NBR/PVC, weather resistant, fabric impression

Reinforcement: Synthetic textile with embedded steel helix

Lining: NBR, white, smooth

Marking: TRELLEBORG - ALIKLER G2 - FDA - ND -
WP 10 bar - Woche/Jahr - batch number - Made in France
